BIOGRAPHY

Jessica started her career with Wuch-Mac Distributing Inc. in 2008 using her degree in Early Childhood and Youth Development as an Early Childhood Teacher. Over the next 5 years she learned all of the roles in a childcare center by teaching all age groups.

In 2013 moved into the role as Center Co-Director, Sole Director, and Regional Director.

In 2015 her role from Center Director transitioned into Online Marketing and Social Media Director.

As she was growing an online presence for The Club House, she also began another project for the company: TCH Subs. This is when she discovered her passion for developing and promoting companies.

In 2019 she decided to pursue her passion, and started up her own Online Marketing and Branding Company: Virtual Visions Inc.

Her experience spans from brand development and digital marketing, with roles both agency and client side.

Creative, passionate and focused are just a few words that describe her work.

"Help others achieve their dreams and you will achieve yours."
